Even, spotless and radiant complexion with Pure White by Eisenberg

Posted by VANITYINMILAN on SEPTEMBER 25, 2022

How to fight dark spots on the face

Dark spots on the face are one of the main signs of skin aging .

Multiple causes, from hormonal alterations to interactions with drugs or photosensitizing substances , up to external factors such as damage from solar radiation and pollution increase oxidative stress and accelerate premature aging of the skin.

Dyschromias often manifest as an uneven or patchy distribution of increased pigmentation around the eyes and mouth.

A reason for discomfort which can be, at least in part, remedied by relying on the proposals of the best cosmetic companies.

Pure White by Eisenberg against dark spots

How to get a uniform complexion , preventing the appearance of discoloration and dark spots?

To counteract hyper-pigmentation and make the skin look more uniform and radiant, Eisenberg Paris has created Pure White , a line of skincare treatments with extreme comfort and exceptional results, capable of stimulating cell renewal of the epidermis, helping skin skin to eliminate excess pigments and promote sun protection.

The line is formulated through a unique synergy of natural active ingredients, such as the floral extract of Bellis Perennis and stabilized Vitamin C , associated with the Trimolecular Formula , the complex patented by Eisenberg researchers, which performs an effective anti-aging and anti-aging action. - oxidant.

Its action contributes to the hyper-pigmentation process, preventing the formation of dark spots and even out the complexion by protecting the skin and reducing existing brown spots.

Let's find out together the products that make up the Eisenberg Pure White line, with the description of the active ingredients and their specific actions .

Correcteur Lumière (50ml, € 133.00) is an intensive anti-aging creamy serum that fights dark spots. The floral extract of Bellis Perennis and Vitamin C acts in a targeted way to even out the melanin and to reveal a clearer and more luminous complexion; Vitamin E prevents the harmful effects of light and cell oxidation.

Crème de Jour (50 ml, € 107.00) is a moisturizing and protective anti-aging UV anti-aggression facial treatment. This day cream combines the latest generation UV filters SPF 50+ PA +++ whose effectiveness is increased by Vitamin E, for a protective and anti-oxidant action.

The floral extract of Bellis Perennis and Vitamin C ensure a uniform and radiant complexion, preventing the appearance of dark spots.

Masque Crème Relaxant (75ml, € 93.00) is a relaxing cream mask for face, neck and décolleté that brightens the complexion and fights dark spots.

Bisabolol and Wild Rose Oil eliminate facial tensions; Vitamin E has an anti-aging action while Bellis Perennis floral extract and Vitamin C visibly attenuate brown spots and even out the complexion.

Ideal once or twice a week on the face, neck and décolleté.

Crème Contour des Yeux (30ml, € 93.00) is an anti-aging eye lightening treatment .

A delicate creamy emulsion, excellent make-up base, to protect the eye contour area from the aggressions of time and climate, thanks to a mix of active ingredients, including Hyaluronic Acid and Vitamin E. The floral extract of Bellis Perennis and Vitamin C counteract pigment spots, smooth out the appearance and offer a continuous anti-inflammatory action.

Purifying Emulsion (50 ml, € 82.00) is a fresh purifying and regulating emulsion for imperfect and oily skin.

It effectively narrows the pores and reduces the unsightly brown spots left by pimples. The essential oil of lemon peel offers a daily purifying, antiseptic and detoxifying action, while the floral extract of Bellis Perennis and Vitamin C help to regain a brighter and more uniform complexion.

Soin Nourissant Intégral (50ml, € 149.00) is an anti-aging night cream for the face that regenerates, calms and illuminates. Vitamin E offers an effective moisturizing and antioxidant action, while the floral extract of Bellis Perennis and Vitamin C help to regain a luminous and uniform complexion.

The Pure White line by Eisenberg is available at Sephora , Douglas and Pinalli perfumeries and on the official website www.eisenberg.com .

Let me know what you think of this line designed to combat and prevent dark spots.
