"The best deodorant for men"

EISENBERG PARIS J'OSE Deodorant Spray Homme - A LEAGUE LOW FAVORITE

The perfumed deodorant with its innovative composition allows you to maintain a feeling of freshness and prevents the smell of sweat for 24 hours. It has an effective antibacterial effect and does not contain aluminum salts, alcohol and dyes. An elegant, sensual interpretation of the famous fragrance.

Gender differences have long since disappeared in the world of perfumes. *Inspired by the J'Ose Eisenberg deodorant*, I ordered the same perfume, and that's saying a lot.

TAMĀRA GEZERDAVA, perfumery critic

The J'Ose Eisenberg fragrance is made up of a strong coffee base, where cold lavender shines against a background of hot tonka beans, and it will be perfectly complemented by a deodorant with an identical scent. It is interesting that men's and women's perfumes are offered in different bottles, but the contents are the same - this is a great example of true versatility that neither boys nor girls will get bored of.

ANATOLY KSENOFONTOVS, stylist, artistic director

I liked *EISENBERG PARIS J'OSE* deodorant - I think it should always be at hand.

"The best cream for the neck, bustline and breast"

EISENBERG PARIS Anti-age Neck, Bustline and Breast Cream - A LEAGUE LOWER FAVORITE

The cream effectively fights the aging of the neck, chest line and décolleté area, nourishing the skin, improving its firmness and giving it a glow. It contains the brand's famous *Trio-Molecular** and *Lotus Japonicus* stem cell extract, agents that promote natural regeneration processes.

Love at first application - that's how I would describe *EISENBERG PARIS Anti-age Neck, Bustline and Breast Cream*. I loved everything about it, from the look, which is essential to me, to the silky texture and the relaxing, pleasant scent. The cream absorbs quickly, instantly moisturizing the skin and is great for the neck, décolletage and chest area. I have been searching for a long time for a product that would take care of these important areas of the body that we often forget about, and now I have found it.

"The best product for eyebrows and eyelashes"

EISENBERG PARIS Brow Definer & Lash Primer, shade 02-Chestnut

The cream product contains fibers that provide a 3D effect. They stick to eyebrows and eyelashes, making them thicker and more expressive. Contains white lupine extract, which has rejuvenating properties.
